

Story Starters GRADES K-5

Writing Together Activity

Look carefully at this photograph from the Museum’s permanent collection, then continue the story started below using details from the work of art and your imagination. On page 1, write the beginning of the story, then pass it along electronically to a classmate or friend to write the middle of the story on page 2. Finally, pass to another friend to write the ending on page 3. Once finished, read the story altogether.

“I’ll never get to the theater on time with this traffic,”
Lorenzo remarked to no one in particular...
